*Unusual People Do Things Differently* T. G. C. Prasad, 2012-02-15 Discusses the experiences of sixty-five successful people in India whose business strategies have inspired the author, highlighting their dominant secret to success and describing their journeys using such behaviors.

*Working Hard is Not Good Enough* TGC Prasad, 2013-12-20 Less than 2 percent of entrepreneurs succeed, only 15 percent employees get the best hikes, promotions and appraisal ratings. Less than 1 percent get to senior management positions and higher. Does this mean the rest do not work as hard or are not as smart? They are! But there are subtle, yet profound differences. According to bestseller author, TGC Prasad, there is more to accomplishments than just working hard or at times even being smarter. *Working Hard is Not Good Enough* is an insightful management book for all who want to make a difference to their performance, potential and life in general—to achieve success and importantly happiness.

**From the Eye of My Mind** TGC Prasad, 2012-12-12 I am eighteen years old and five feet six inches tall. I have big eyes, long fingers, and I am healthy because I eat my food on time. I also have a mole on my left palm. Grandma says, 'Mole on the palm is bad luck.' Eric Hoffer, an American writer said, 'A great man's greatest good luck is to die at the right time.' I wondered what a right time to die was? I feel I have an eye in my mind and I close it when I am with strangers. Mallika is autistic and lives in a strangely whimsical yet ordered world of her own. When her mother breaks the news to her that her beloved elder brother Ananth is going to get married, Mallika's fragile world collapses. How will she deal with a stranger in her home and life? Told in an inimitable style, *From the Eye of My Mind* is a charming tale of acceptance, love, and a beautiful mind.

**The Last Ten Per Cent** T G C Prasad, 2014-11-01 What is the secret to achieving 100 per cent customer satisfaction? Only too often, companies and individuals falter when it comes to completing a task properly and on time. It is the last 10 per cent that seems to elude us—and this usually results in a negative customer experience. But then some companies—Walmart, Starbucks, Nestlé, Southwest Airlines and Zappos, to name a few—are far ahead of the curve: they have customers at the heart of whatever they do. What do these companies do that sets them apart? They genuinely believe in delivering a great customer experience; the thinking that accompanies that belief makes all the difference. This new book from the bestselling author of *Unusual People Do Things Differently* and *Working Hard Is Not Good Enough* shows us how to go that extra mile.

**An Extraordinary Life** Sadguru Patil, Mayabhushan Nagvenkar, 2020-06-22 Over the last two decades, the exploits of one man, an IIT-Bombay alumnus, changed the way mainstream India looked at Goa and the political goings-on in the country's smallest state. An Extraordinary Life traces the life and times of Manohar Parrikar through the informed voices of his relatives, friends, foes, bureaucrats and IIT contemporaries. The daily battles of a gifted individual are brought to the fore as he encounters love and vices. But more importantly, it showcases his rise in politics from the son of a grocery store owner in a nondescript town, a sanghachalak in Mapusa town, an Opposition MLA and leader, to a chief minister (on multiple occasions) and, finally, to a defence minister.

*Leela's Book* Alice Albinia, 2011-11-20 Leela—alluring, taciturn, haunted—is moving back to Delhi from New York. She knows her return will unsettle many lives. Twenty-five years ago her sister was seduced by Vyasa, a young university lecturer. Now Vyasa, an eminent Sanskrit scholar, is preparing for the unlikely marriage of his son, Ash, to the child of a Hindu nationalist. Compounding Leela's disruptive presence, Vyasa's hedonistic daughter Bharati arrives from London, reluctantly leaving her cosmopolitan university life to see Ash married. He, meanwhile, has fallen in love with his brother-in-law to be. Gleefully presiding over the drama is Ganesh—divine, elephant-headed scribe of India's great epic, the Mahabharata. The family patriarchs may think they have arranged the wedding for their own selfish ends, but according to Ganesh it is he who is directing events—in a bid to save Leela, his beloved heroine, from his devious enemy Vyasa. Turning to fiction after an award-winning travel book, Alice Albinia has written a brilliantly playful and genre-defying first novel. Ambitious and entertaining, Leela's Book weaves a tale of contemporary Delhi that crosses religious and social boundaries, reaching back into the origins of the Mahabharata itself.

*By My Own Rules* Anand Sheela, 2020-11-05 Irrepressible, honest, bold and charming, very few can claim to have lived life on their own terms as Ma Anand Sheela has. Yet controversy continues to follow her. Whether it is her portrayal in Wild Wild Country or the Osho International Foundation's take on the Netflix series, a wide spectrum of opinions has cloaked for too long the real Sheela Birnstiel. In the 1980s, she was the personal secretary of Bhagwan Shree Rajneesh and managed the Rajneesh commune in Wasco County, Oregon, USA. She was eventually sentenced to prison, served her time and walked out

in three years. Today, she runs homes for the disabled and the elderly in Switzerland. Almost three decades later, she is still in love with Bhagwan and his teachings. From rebuilding her life from scratch in Switzerland to an interview with Karan Johar on her grand return to India, she is adored and vilified by the world at the same time. In her memoirs, *By My Own Rules*, Ma Anand Sheela bares all-her life, her lessons, her beliefs, her inspiration and what makes her live life on her own terms.

**How Tobacco Smoke Causes Disease**, 2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

**Didi** Shutapa Paul, 2018 Mamata Banerjee, with her unique style of politics, was able to defeat the formidable three-decade-old Left Front Government in 2011. Exploring her struggles and achievements, Didi opens a window to the life and times of one of the most dynamic politicians of our country. 'The general elections of 2019 can see [Mamata Banerjee] play kingmaker . . . She is the only regional leader who can claim to have that kind of clout. Jayalalithaa is no more and Nitish Kumar has changed over to the NDA. The year 2018 also witnessed the demise of another pedagogue of Dravidian politics, K. Karunanidhi. With the Congress showing signs of resurgence, and regional parties agreeing to forge a Federal Front, Mamata is more than aware that if she gets her electoral mathematics right, she could play a decisive role in the next Lok Sabha polls-maybe even stand a chance at prime ministership.' Developing Leadership Character Mary Crossan, Gerard Seijts, Jeffrey Gandz, 2015-12-22 This book focuses on the element of leadership that has largely been neglected in the literature: character. Often thought to be a subjective construct, the book demonstrates the concrete behaviors associated with different character dimensions in order to illustrate how these behaviors can be developed, and character strengthened. Based on research involving over 300 senior leaders from different industries, sectors and countries, Crossan, Seijts, and Gandz developed a model for leadership character that focuses on eleven dimensions. The book begins by setting the context for the focus on character in business, asking what character is and whether it can be learned, developed, molded or changed. Next, the book focuses on each dimension of leadership character in turn, exploring its elements and the ways in which it can be applied in a business setting. The book concludes with a summary of the key insights, an exploration of the interactions between the character dimensions, and a call to the reader to reflect on how to develop one's own and others' leadership character. Bridging theory and management practice, *Developing Leadership Character* will interest students and practitioners alike. Readers will benefit not only from a new, robust theoretical framework for leadership character, but will also learn how character can be developed further.

**Mangrove Ecosystems: A Global Biogeographic Perspective** Victor H. Rivera-Monroy, Shing Yip Lee, Erik Kristensen, Robert R. Twilley, 2017-11-03 This book presents a comprehensive overview and analysis of mangrove ecological processes, structure, and function at the local, biogeographic, and global scales and how these properties interact to provide key ecosystem services to society. The analysis is based on an international collaborative effort that focuses on regions and countries holding the largest mangrove resources and encompasses the major biogeographic and socio-economic settings of mangrove distribution. Given the economic and ecological importance of mangrove wetlands at the global scale, the chapters aim to integrate ecological and socio-economic perspectives on mangrove function and management using a system-level hierarchical analysis framework. The book explores the nexus between mangrove ecology and the capacity for ecosystem services, with an emphasis on thresholds, multiple stressors, and local conditions that determine this capacity. The interdisciplinary approach and illustrative study cases included in the book will provide valuable resources in data, information, and knowledge about the current status of one of the most productive coastal ecosystem in the world.
